Rockford does have a parsonage and is offering a salary just below half-time status. They are active in ministry in the town especially, but they also serve as a kind of "bedroom community" for Spokane as well.

Sunday worship is their focus

and they have a remarkable music program for a church their size. This area of Spokane County has deep values around their community, they are located in a somewhat conservative community, although they are focused on being an inclusive, open and welcoming place for all of God's children. They are requesting someone who can help lead them in worship, education and in mission. It would be great to have a "gentle director" and a "collaborator with new ideas" as they seek to establish and grow their impact on children in their community.

They report some financial challenges as well as difficulty in reaching younger generations of folks. They are in a period of discernment for their calling within the community, and they are looking for a pastor that matches their community, and will come in with new ideas, energy, and can lead the kind of transformation they are praying for in their community.
